NOVAtime 1000

SBE Express

Time & Attendance Solution

Big business features, small business price - NOVAtime 1000 SBE Express is the best valued time clock solution. It comes with a powerful proximity clock, mounting hardware, 50' RS232 cable, and 20 badges. It includes everything you need to get started along with a detailed easy-to-understand Reference Guide, which will walk you through all the steps to install and configure software to get you up-to-speed quickly.

Fully network ready - Fully network ready - NOVAtime's SBE Express software supports unlimited multi-user configurations in a local area network environment (LAN), or can function on a stand alone PC. The access group set up is flexible so you can give personnel access to only the information they need. The security set up is Menu driven and customizable for each user. NOVAtime allows you to block pay rates and social security numbers for privacy protection.

Best of all, NOVA1000… is **fully upgradeable** to the unlimited employee version called NOVAtime2000 and NOVAtime3000 Enterprise Edition, allowing support of up to thousands of employees!
