

TIME WOLF

VERSION 4.0

TIME & ATTENDANCE LABOR MANAGEMENT SOFTWARE

What is Time Wolf?

Time Wolf is a simple, automated time & attendance software designed to help small businesses manage their labor processes and policies. Time Wolf Provides you more time to focus on the important tasks of growing your business while saving you money and providing you peace of mind with accurate payroll reporting.

Easy To Install

Simply load the Time Wolf CD into your computer, set your company policies, enroll your employees and go back to work.

Easy To Clock In & Out

No matter what your choice of entry (Keyboard, Bar code, proximity, Biometric Fingerprint, or Full Biometric Hand Geometry scanning) Time Wolf allows your employees to quickly clock in & out and begin their work.

Easy To Use

Time Wolf calculates regular hours, two levels of overtime, sick time, vacations, holidays, exceptions, etc... Time Wolf generates detailed reports for you to help manage your business as well as exports Time & Attendance data to most payroll applications including some of the most popular such as ADP, Paychex, Quickbooks, and Peachtree.

Time Wolf Software Includes

- Starter Employee count 25 (upgrade to 50, 75, or maximum 100)
